

4th July - Bhoomi Pujan Event

RING PLUS AQUA has commenced work on its newest plant as a part of its expansion plans. A Bhoomi Pujan Event was organised on 4th of July to mark the commencement of work. The new state-of-the-art plant - SGD Plant II - is situated in Sinnar belt of Nashik itself, adjacent to its existing manufacturing facilities.

The new plant has been built with an investment of over Rs 50 crore. The plant will be inaugurated in Jan'19. The new plant will create over 500 direct and indirect employment opportunities.

Boasting state-of-the-art automation technology, SGD Plant II will be one of the most advanced production units for any auto component manufacturer not just in India, but across the Asia Pacific and Africa regions. It will witness implementation of Industry 4.0 solutions like Predictive Maintenance, IoT for process controls, track and trace using bar coding technology, etc.

The new facility has the production capacity of 2 Million Ring Gears per year. This would be in addition to the SGD Plant I where the company can produce over 5 Mn Ring Gears every year.

Leadership Retreat Event

RPAL recently organised a two day Leadership Retreat at Dukes Retreat, Khandala for its Manager and above category employees. The purpose of the event was to foster Team work and Team spirit among the middle management and to initiate the baby steps to move towards being an Agile Organization comprising of task based flexible teams as compared to the current rigid hierarchical structure. Team came up with several cross functional improvement projects on the last day of the event that are currently under implementation.
